## CHAPTER 7:

### "Goku's Journey to King Kai"

# 7 Serpent Road

Goku's soul travels along the Serpent Road — a long, winding path that leads to the afterlife. He must reach King Kai's planet to train with the wise old martial arts master. King Kai is known for teaching techniques that no living person has ever mastered.

## CHAPTER 8:

### "Gohan's Training Begins"

# 8 Piccolo's Training

Meanwhile, on Earth, Piccolo takes young Gohan into the wilderness for harsh training. Gohan is only four years old, but Piccolo treats him like a soldier. He leaves Gohan alone in the wild for six months to survive on his own. Gohan cries, but he slowly becomes stronger.

## CHAPTER 9:

### "The Z-Warriors Prepare"

# 9

## Warriors' Training

Goku's other friends — Krillin, Tien, Yamcha, and Chiaotzu — also begin training with Kami, the guardian of Earth. They know the Saiyans are coming, and they must be ready. Every day, they push their bodies to the limit.

### CHAPTER 10:

### "King Kai's Test"

# 10 King Kai's Jokes

Goku finally reaches King Kai's tiny planet. King Kai agrees to train Goku — but only if Goku can make him laugh with a joke. Goku tells a terrible joke, and King Kai finds it hilarious. Training begins. King Kai teaches Goku two legendary techniques: the Kaio-ken (which multiplies power) and the Spirit Bomb (which gathers energy from all living things).

## CHAPTER 11:

### "The Saiyans Arrive"

# 11 The Saiyans Arrive

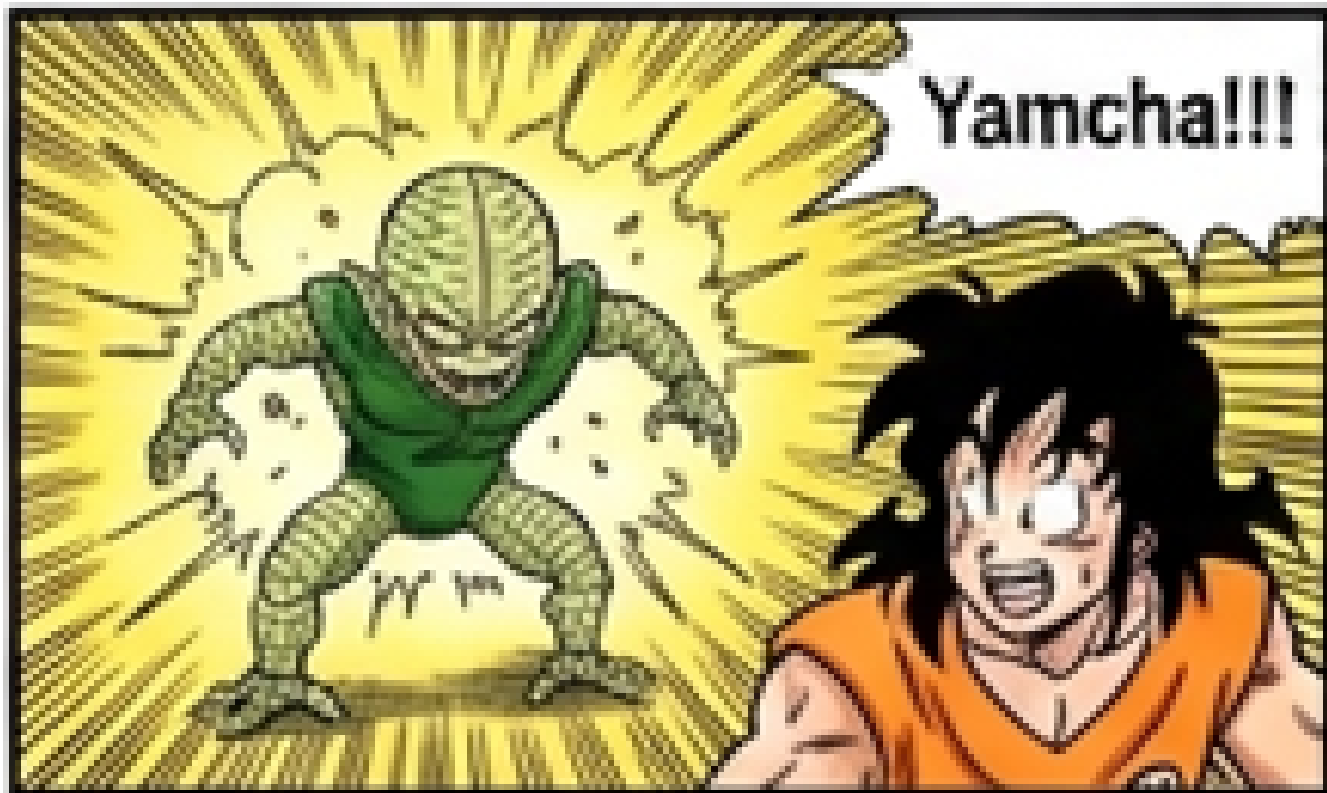

One year later, Vegeta and Nappa arrive on Earth. They are massive, brutal, and completely merciless. Nappa destroys an entire city with a single blast just for fun. The Z-Warriors gather to face them.

## CHAPTER 12:

### "The Saibamen Attack"

# 12

## Saibaman Attack!

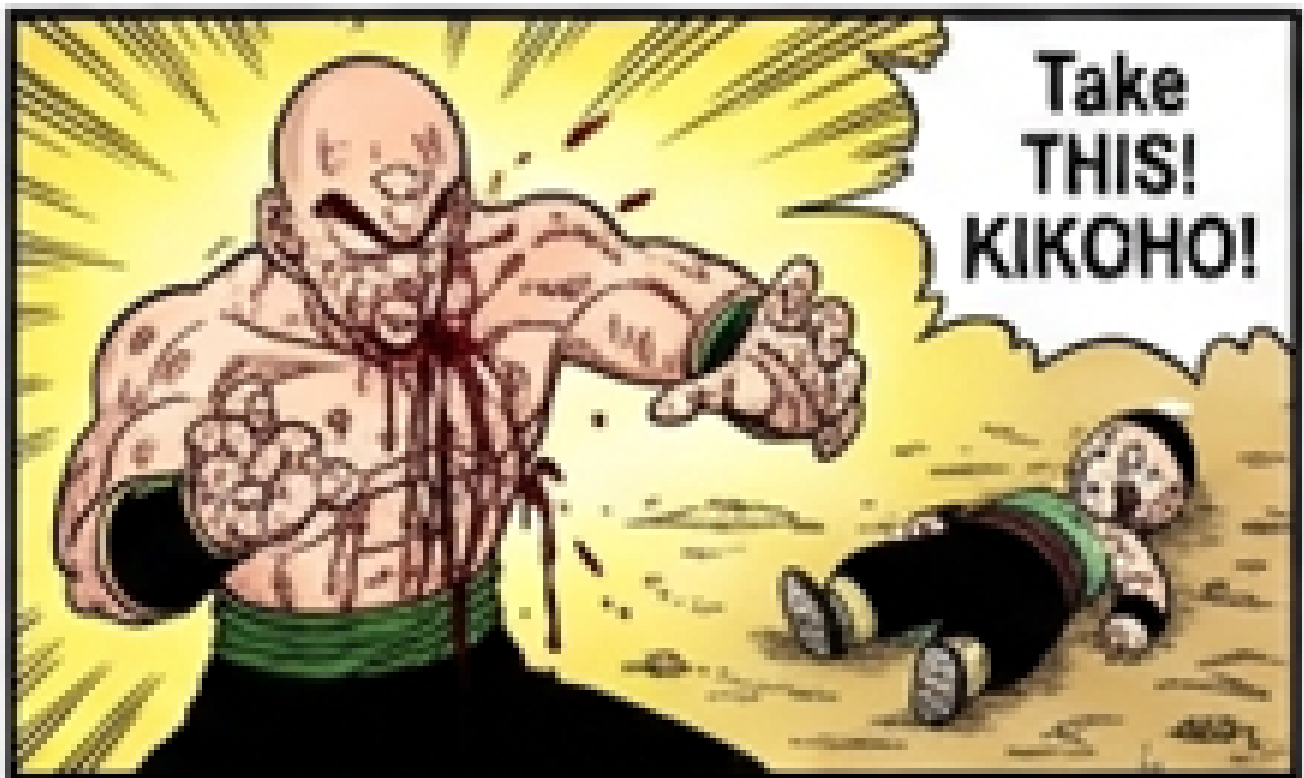

Nappa plants six strange seeds in the ground. They grow into Saibamen — green, vicious creatures with the power of a full-grown warrior. Each Saibaman attacks a Z-Warrior. Yamcha fights one bravely, but the Saibaman self-destructs, killing Yamcha instantly.

### CHAPTER 13:

### "Tien's Last Stand"

# 13 Tien's Last Stand

Tien, Chiaotzu, and Piccolo fight Nappa directly. But Nappa is too powerful. Chiaotzu sacrifices himself by self-destructing on Nappa's back — but Nappa survives. Tien uses his Neo Tri-Beam attack, pushing his body to the breaking point, but he also falls.

## CHAPTER 14:

**"Goku Arrives!"**

# 14

# Goku Arrives

Just when all hope seems lost, Goku finally arrives — using King Kai's Instant Transmission technique. He looks different. Stronger. Calmer. He picks up his fallen friends and faces Nappa with cold fury.

CHAPTER 15:

**"Goku vs. Nappa"**

# 14

# Goku Arrives

Goku fights Nappa and easily defeats him. Nappa is no match for Goku's new power. Vegeta, furious at Nappa's weakness, kills Nappa himself for being useless. Now it's just Goku vs. Vegeta.

## CHAPTER 16:

## "The Prince of Saiyans"

# 16 Great Ape Vegeta

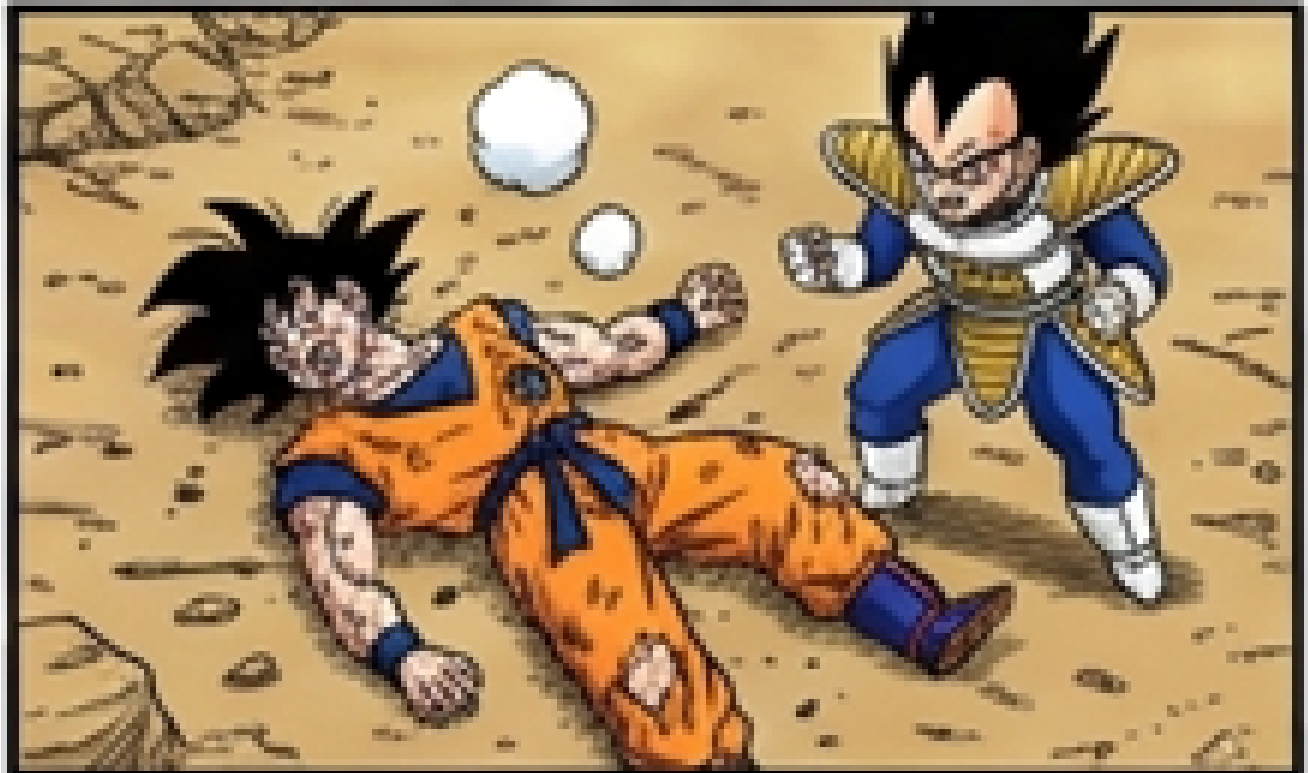

Vegeta is the prince of the Saiyan race. He is arrogant, proud, and incredibly powerful. He transforms into a giant ape-like creature called the Great Ape — a form Saiyans take when they look at the full moon. Goku is overwhelmed.

## CHAPTER 17:

### "Goku's Desperate Fight"

# 17

## Defeat

Goku uses the Kaio-ken technique — multiplying his power by two, then three, then four. But Vegeta is still too strong. Goku is beaten badly, his bones broken.

### CHAPTER 18:

### "The Spirit Bomb"

# 18

## Spirit Bomb

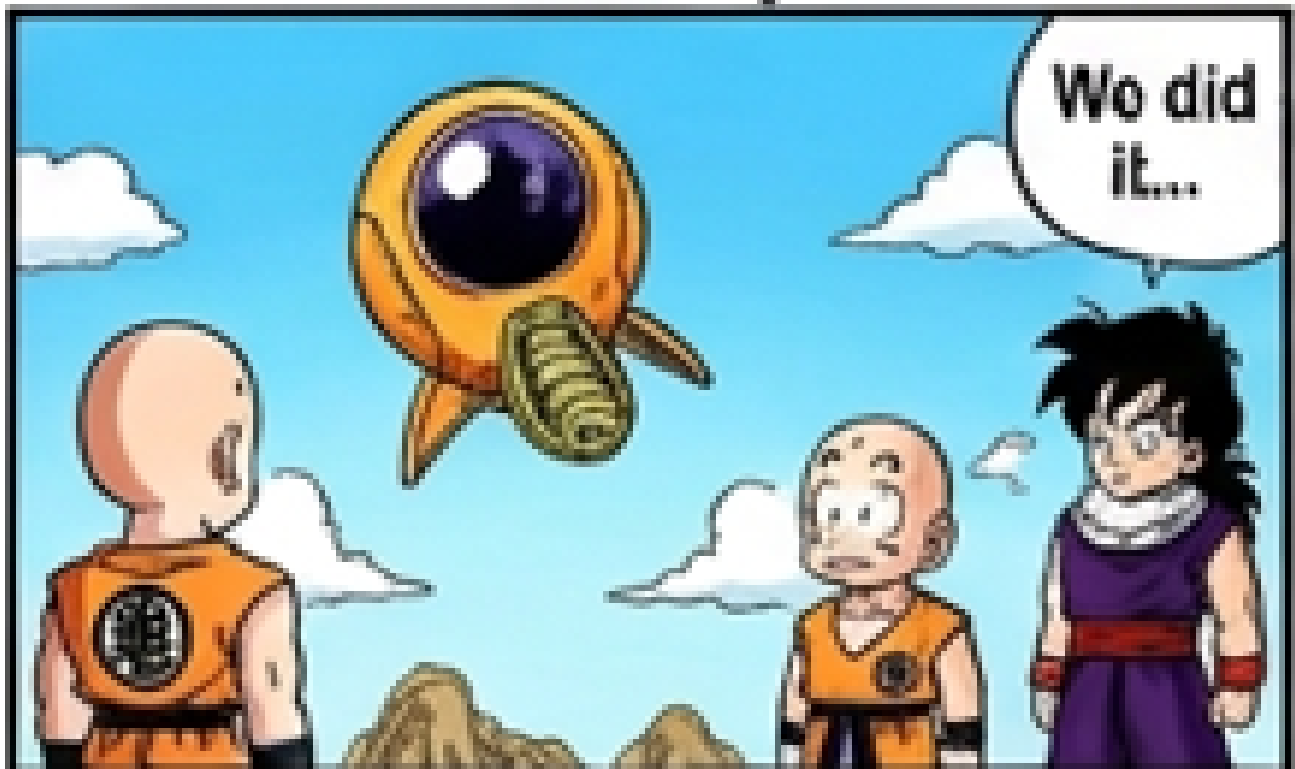

Goku gathers energy from the Earth, the sky, the animals, and the plants — creating the Spirit Bomb. Krillin and Gohan help by distracting Vegeta. Goku throws the massive ball of energy at Vegeta.

CHAPTER 19:

**"Vegeta's Escape"**

# 19

# Victory

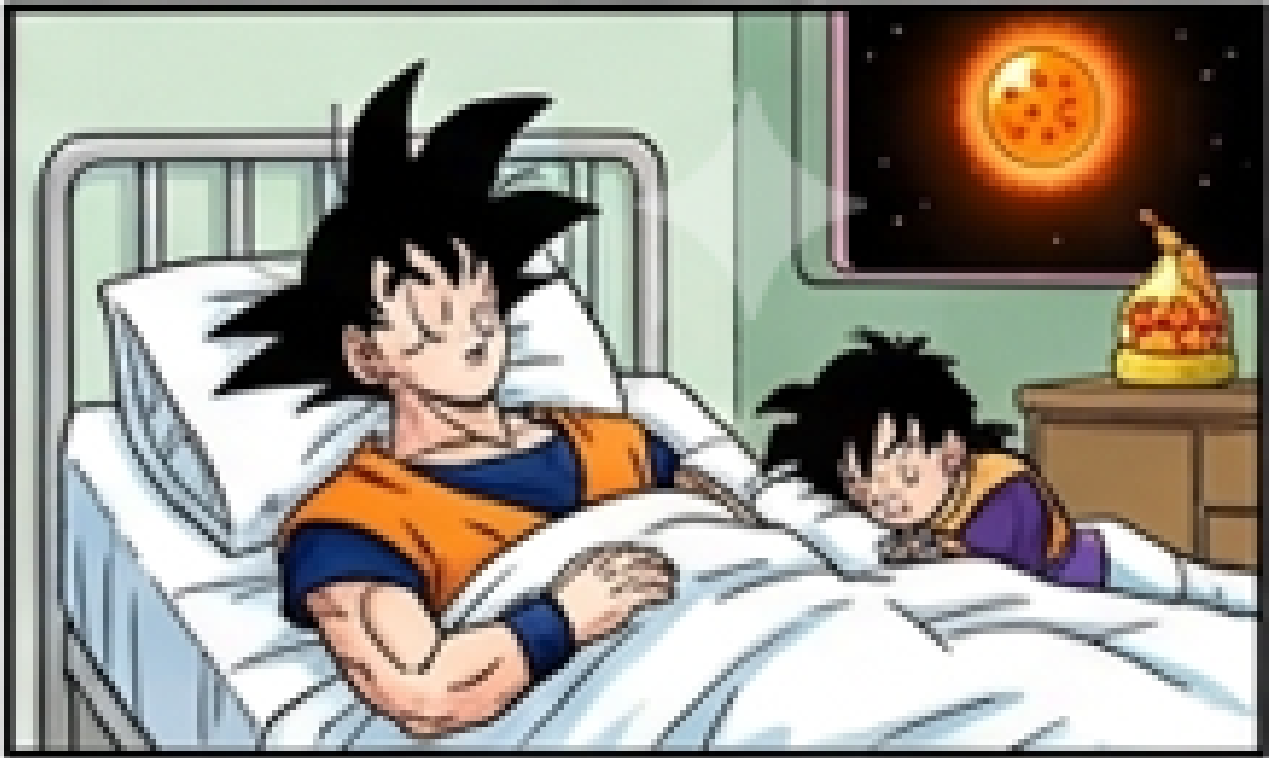

The Spirit Bomb hits Vegeta, but he survives — barely. He is badly wounded but still alive. Gohan, Krillin, and Yajirobe fight together and finally defeat Vegeta. Vegeta, humiliated, crawls into his spaceship and escapes Earth.

CHAPTER 20:

**"A New Beginning"**

# 20

# Recovery

The Saiyan Saga ends. Goku is badly injured but alive. His friends are dead, but they can be revived with the Dragon Balls. Gohan has grown stronger. And Vegeta — the prince of all Saiyans — has sworn revenge.

## CHAPTER 21:

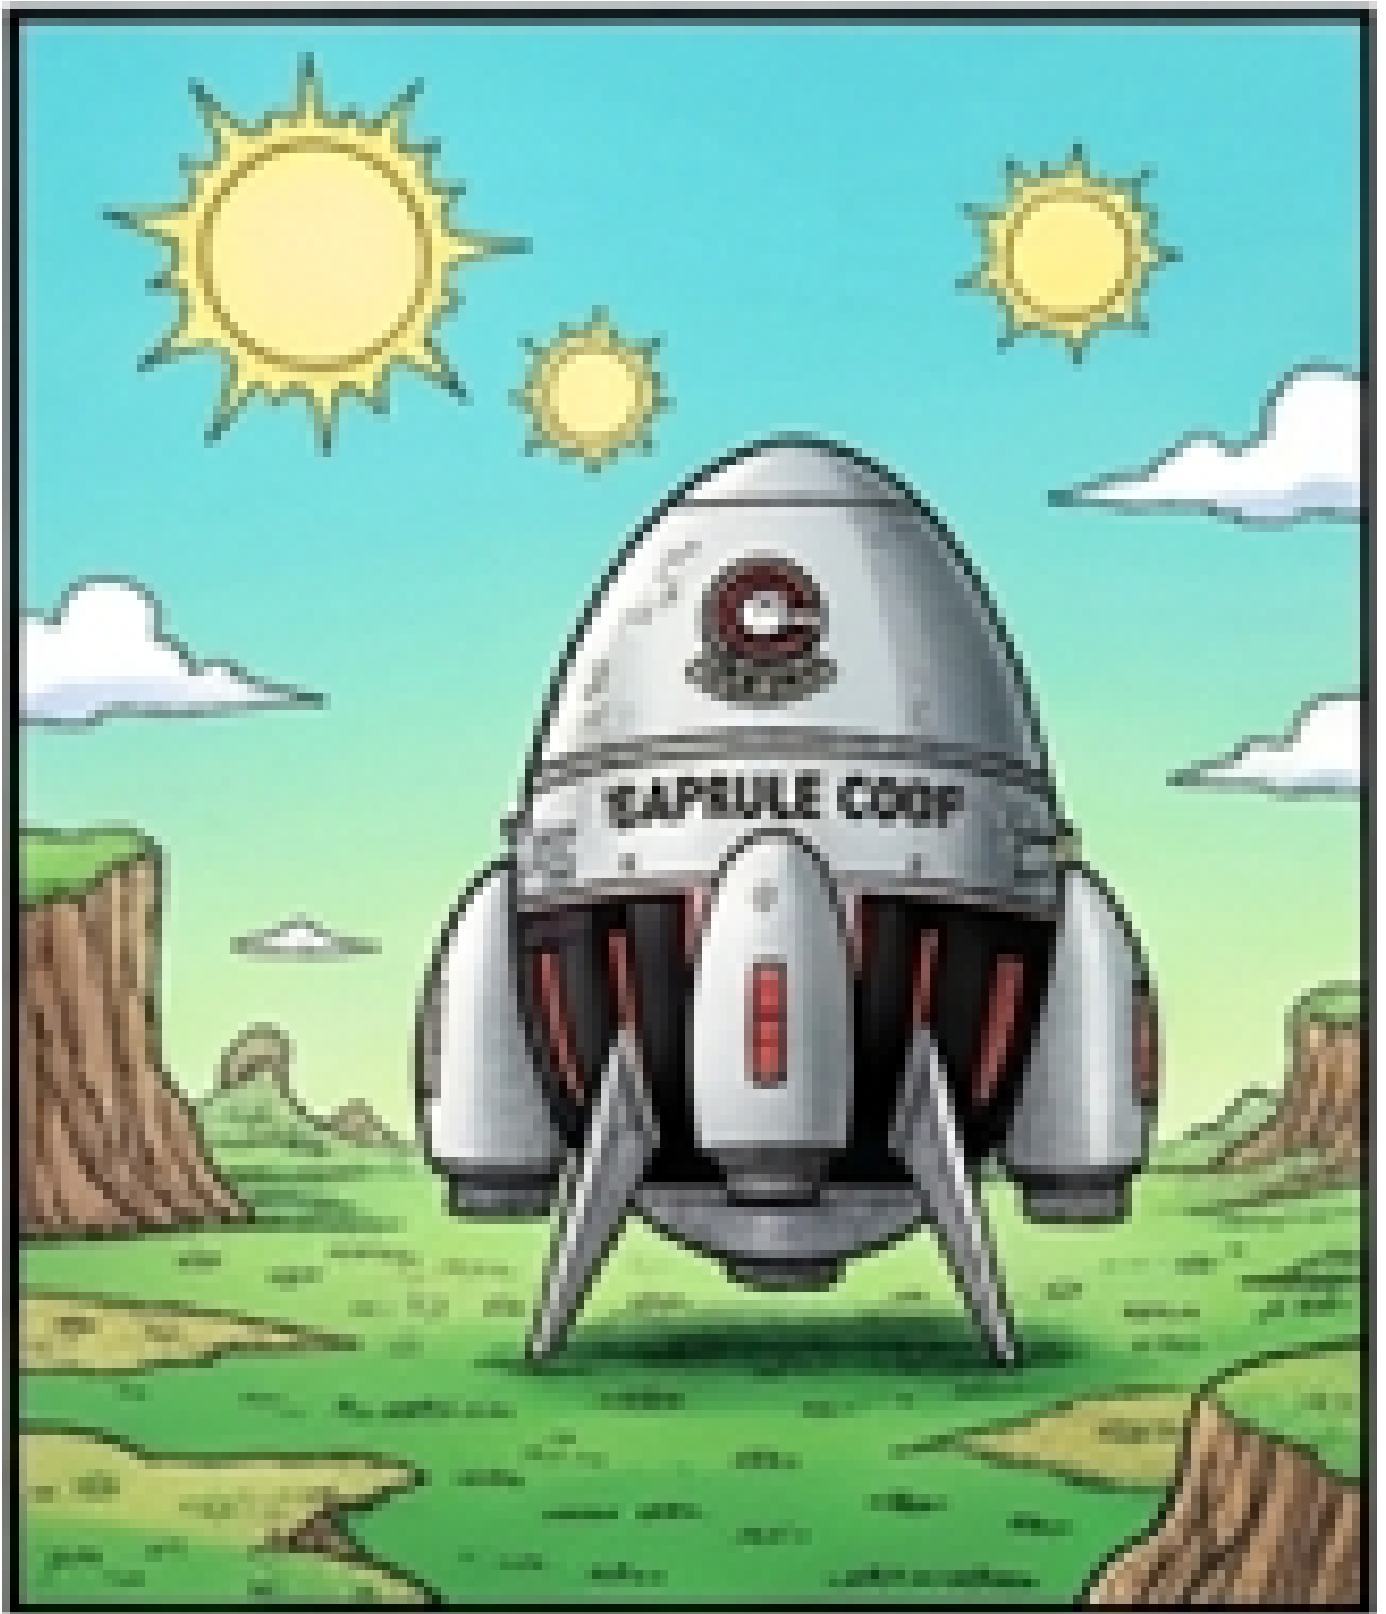

## "A New Enemy"

# 21. Lord Freeza.

Goku and his friends learn that the Saiyans were working for a terrifying galactic tyrant named Freeza. Freeza wants the Dragon Balls to gain immortality. The Namekians — the creators of the Dragon Balls — have their own set of Dragon Balls on their home planet, Namek.

# 22. Landing on Namek.

Gohan, Krillin, and Bulma travel to Namek in a new spaceship to find the Namekian Dragon Balls before Freeza does. They arrive on the strange, green planet and begin their search.

# 23. The Tyranny Begins.

Freeza's soldiers — including the powerful Zarbon and Dodoria — are already on Namek, terrorizing the Namekian villagers. They kill anyone who refuses to give them the Dragon Balls.

## 24. Proud Saiyan.

Vegeta, who is also on Namek, betrays Freeza. He wants the Dragon Balls for himself. He kills Freeza's soldiers one by one and steals their Dragon Balls.

# 25. Unyielding Training.

Back on Earth, Goku is healed in a medical machine. He decides to travel to Namek to help his friends. He trains in intense gravity on his way to Namek.
