

Chapter – 1 Accounting Basics

Section – A Business & Accounting

Theoretical MCQs for practice

Choose the BEST option for each scenario.

1. The amount spent for annual insurance premium for an existing vehicle is generally a:
 - A. Revenue receipt
 - B. Capital receipt
 - C. Deferred revenue expenditure
 - D. Revenue expenditure
2. The amount spent for carriage inward on goods purchased is generally a:
 - A. Capital expenditure
 - B. Deferred revenue expenditure
 - C. Revenue receipt
 - D. Revenue expenditure
3. The amount spent for interest on bank overdraft used for the business purpose is a:
 - A. Revenue receipt
 - B. Capital expenditure
 - C. Capital receipt
 - D. Revenue expenditure
4. The amount spent for constructing a new building is generally a:
 - A. Capital receipt
 - B. Revenue receipt
 - C. Deferred revenue expenditure
 - D. Capital expenditure
5. The amount spent for major alterations in an office van to increase its carrying capacity is generally a:
 - A. Deferred revenue expenditure
 - B. Revenue receipt
 - C. Capital expenditure
 - D. Capital receipt
6. The amount received from investment by owners is generally a.
 - A. Capital expenditure
 - B. Revenue expenditure
 - C. Revenue receipt
 - D. Capital receipt
7. The amount spent for Initial fitting of an air-conditioner system in the office building is generally a:
 - A. Capital receipt
 - B. Capital expenditure
 - C. Revenue expenditure
 - D. Revenue receipt
8. The amount spent for general administrative salaries during normal operations is generally a:
 - A. Revenue receipt
 - B. Deferred revenue expenditure
 - C. Capital receipt
 - D. Revenue expenditure

9. The amount spent for monthly electricity bill of the business is generally a:
- A. Capital expenditure
 - B. Revenue expenditure
 - C. Capital receipt
 - D. Revenue receipt

- A. Capital expenditure
 - B. Revenue expenditure
 - C. Revenue receipt
 - D. Capital receipt
11. The amount spent for training costs for staff to use a new machine is generally a:
- A. Revenue receipt
 - B. Deferred revenue expenditure
 - C. Revenue expenditure
 - D. Capital receipt
12. The amount spent for repairing a truck engine to keep it in good running condition is generally a:
- A. Deferred revenue expenditure
 - B. Revenue expenditure
 - C. Capital receipt
 - D. Capital expenditure
13. The amount received from customers for goods sold on cash is generally a:
- A. Deferred revenue expenditure
 - B. Revenue receipt
 - C. Capital expenditure
 - D. Revenue expenditure
14. The amount spent for annual software subscription for office productivity tools is generally a:
- A. Revenue receipt
 - B. Deferred revenue expenditure
 - C. Capital receipt
 - D. Revenue expenditure
15. The amount spent for freight and insurance on a new machine during transit is generally a:
- A. Deferred revenue expenditure
 - B. Capital receipt
 - C. Revenue receipt
 - D. Capital expenditure
16. The amount spent for wages paid to factory workers for routine production is generally a:
- A. Deferred revenue expenditure
 - B. Capital expenditure
 - C. Revenue expenditure
 - D. Revenue receipt
17. The amount received for sale of scrap and waste material from production is generally a:
- A. Revenue expenditure
 - B. Capital receipt
 - C. Capital expenditure
 - D. Revenue receipt
18. The amount spent for legal charges to acquire a piece of land for the business is generally a:
- A. Capital expenditure
 - B. Revenue expenditure
 - C. Deferred revenue expenditure

- D. Revenue receipt
19. The amount received for interest received on short-term bank deposits is generally a:
- A. Revenue expenditure
 - B. Revenue receipt
 - C. Capital expenditure
 - D. Deferred revenue expenditure
20. The amount received for insurance claim received for loss of goods by fire is generally a:
- A. Revenue expenditure
 - B. Revenue receipt
 - C. Deferred revenue expenditure
 - D. Capital receipt
21. The amount received from sale proceeds of a piece of land held as an asset is generally a:
- A. Revenue receipt
 - B. Capital receipt
 - C. Capital expenditure
 - D. Revenue expenditure
22. The amount received from sale proceeds of an old machine is generally a:
- A. Deferred revenue expenditure
 - B. Capital receipt
 - C. Revenue expenditure
 - D. Revenue receipt
23. The amount spent for cost of repainting the office building is generally a:
- A. Revenue expenditure
 - B. Capital expenditure
 - C. Capital receipt
 - D. Deferred revenue expenditure
24. The amount spent for leveling and grading land for construction of a warehouse is generally a:
- A. Revenue receipt
 - B. Capital receipt
 - C. Deferred revenue expenditure
 - D. Capital expenditure
25. The amount spent for repairs to a building damaged by a storm (no improvement) is generally a:
- A. Capital receipt
 - B. Deferred revenue expenditure
 - C. Capital expenditure
 - D. Revenue expenditure
26. The amount received from commission income from agency services is generally a:
- A. Capital receipt
 - B. Revenue receipt
 - C. Deferred revenue expenditure
 - D. Capital expenditure
27. The amount spent for spare parts of a small value used in routine repairs is generally a:
- A. Revenue expenditure
 - B. Capital receipt
 - C. Revenue receipt
 - D. Deferred revenue expenditure
28. The amount received from subletting spare office space (operating) is generally a:
- A. Revenue receipt
 - B. Revenue expenditure

- C. Deferred revenue expenditure
 - D. Capital expenditure
29. The amount spent for overhauling a second-hand machine to bring it into working condition is generally a:
- A. Deferred revenue expenditure
 - B. Revenue expenditure
 - C. Revenue receipt
 - D. Capital expenditure
30. The amount spent for routine servicing of machines at regular intervals is generally a:
- A. Revenue receipt
 - B. Capital receipt
 - C. Capital expenditure
 - D. Revenue expenditure
31. The amount spent for cost of defending a customer damages claim is generally a:
- A. Deferred revenue expenditure
 - B. Revenue expenditure
 - C. Capital receipt
 - D. Capital expenditure
32. The amount spent for registration fee paid to purchase a vehicle is generally a:
- A. Revenue expenditure
 - B. Deferred revenue expenditure
 - C. Capital receipt
 - D. Capital expenditure
33. The amount spent for lubricants and fuel used for a generator is generally a:
- A. Revenue expenditure
 - B. Revenue receipt
 - C. Capital receipt
 - D. Capital expenditure
34. The amount for damages received from a supplier for late delivery affecting profits is generally a:
- A. Deferred revenue expenditure
 - B. Capital expenditure
 - C. Revenue receipt
 - D. Capital receipt
35. The amount spent for compensation received from insurance for destruction of a machine is generally a:
- A. Revenue receipt
 - B. Capital expenditure
 - C. Deferred revenue expenditure
 - D. Capital receipt
36. The amount spent for import duty on newly acquired machinery is generally a:
- A. Deferred revenue expenditure
 - B. Capital expenditure
 - C. Capital receipt
 - D. Revenue expenditure
37. The amount spent for cost of software acquired with a perpetual license for the ERP system is generally a:
- A. Capital expenditure
 - B. Deferred revenue expenditure
 - C. Revenue receipt

- D. Revenue expenditure
38. The amount spent on replacement of a substantial and separately identifiable major component of a machine is generally a:
- A. Revenue receipt
 - B. Revenue expenditure
 - C. Capital receipt
 - D. Capital expenditure
39. The amount received from a partner as additional investment contribution is generally a:
- A. Capital receipt
 - B. Deferred revenue expenditure
 - C. Revenue receipt
 - D. Revenue expenditure
40. The amount spent for Installing a new machine in the factory, including installation charges is generally a:
- A. Deferred revenue expenditure
 - B. Capital expenditure
 - C. Revenue receipt
 - D. Revenue expenditure
41. The amount spent for commission paid to an agent for acquiring a non current asset is generally a:
- A. Capital expenditure
 - B. Revenue receipt
